DANGER! Freezer temperatures below -90°C are too cold! Record temperature to the right and take action immediately!

Please indicate the current temperature that corresponds with the temperature, day of the month and AM/PM for your temperature check. Enter your initials and the time you monitored the temperature in the appropriate boxes. Write the minimum and maximum temperatures in the boxes. Make sure to clear the Min/Max recordings daily. Temperatures out of range require immediate action. Please keep this temperature log for at least 3 years. If you have questions, please contact the Immunization Unit at vaccine@nd.gov
