General Notes

- **ATN:** When the system assigns your application tracking number (ATN), write it down. You can use this number to recall your application if you are unable to finish it in one sitting. The ATN will be displayed in red lettering on the top of the screen.
- **Navigating:**
 - To ensure the system saves the information on each screen, click “Save” at the bottom of each screen before clicking “Continue”.
 - After clicking on “Continue” the system will review that screen for any required fields that are blank or not filled out correctly. If any issues are noted, you will be taken back to that screen and the issue to fix will be displayed in small red lettering on the top of the screen.
- **Saving:** Throughout the application, there are fields that require extra saves. If a field requires a save, it will have a small “Save” button on the right (usually next to small “Reset” and “Cancel” buttons). Throughout this guide, the extra save is referred to as a “little save” for ease of reference. The “Save” button on the bottom of every screen is referred to as the “big save” for ease of reference. Always click both the little save and the big save before clicking “Continue”.

The image shows two screenshots of a web application interface. The top screenshot is titled "Board Certified Specialty List" and contains a form for adding specialties. The form has several fields: Specialty (dropdown), Provider Type (dropdown, currently set to "Physicians"), Begin Date (calendar icon), End Date (calendar icon), State (dropdown, currently set to "North Dakota"), and Certification # (text input). At the bottom right of the form, there are three buttons: "Save", "Reset", and "Cancel". The "Save" button is circled in green, and an arrow points to it from a box labeled "Little Save". The bottom screenshot is titled "Taxonomy" and shows a table with columns for Taxonomy, Begin Date, and End Date. At the bottom of the screen, there are four buttons: "Continue>>", "Save", "Reset", and "Exit Application". The "Save" button is circled in green, and an arrow points to it from a box labeled "Big Save".
