1915(i) Federal Poverty Levels

1915(i) member's household income level must be equal to or less than 150% of the Federal Poverty Level.

Household Size

The following list details the number of people in a household, and what the maximum income of the household can be to still qualify for 1915(i)

- 1 person $1,995
- 2 people $2,705
- 3 people $3,415
- 4 people $4,125
- 5 people $4,835
- 6 people $5,545
- 7 people $6,255
- 8 people $6,964
- 9 people $7,675
- 10 people $8,385
- For every person beyond 10 in a household add $710 to the 10 person amount.

Medicaid Categories of Eligibility Coverage

The following are the Medicaid category of eligibility coverage groups that could potentially meet the 1915(i) guidelines if, in reviewing the countable income for the individual, the income is equal to or less than 150%. Other category of eligibility coverage groups not listed here are automatically deemed income-eligible for 1915(i) services.

- Children (Ages 0-6)
- Pregnant Women
- Optional Children's Group (CHIP)
- Women's Way
- Workers with Disabilities
- Children with Disabilities

Example Situation

A household consisting of a pregnant woman would be a household of two. The pregnant woman and the unborn child. If they had an income of $2,400 a month, they would meet the income level for 1915(i) services.
