- Today, all of the funding for these staff who deliver human services as per SB 2124 comes from the Property Tax Relief Fund.
- This proposal requests that the State shift the cost of funding social services delivered by state employees to the state HHS budget, and that the cost of social services delivered by HSZ employees continue to come from the Property Tax Relief Fund.
- Removing the costs associated with HSZ-to-State transferred teams from the Property Tax Relief Fund and aligning them with their respective programs would offer greater transparency into total cost to operate each program.

86% of state dollars invested in Human Service Zones goes to deliver services in 3 core areas

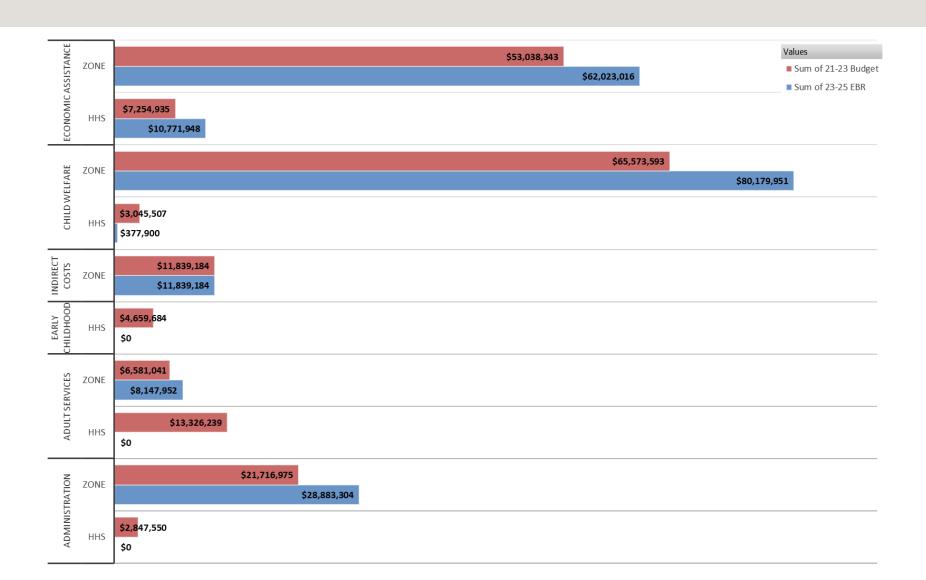

Staff compensation accounts for 86% of HSZ Expenses that are reimbursed by the ND Property Tax Relief Fund

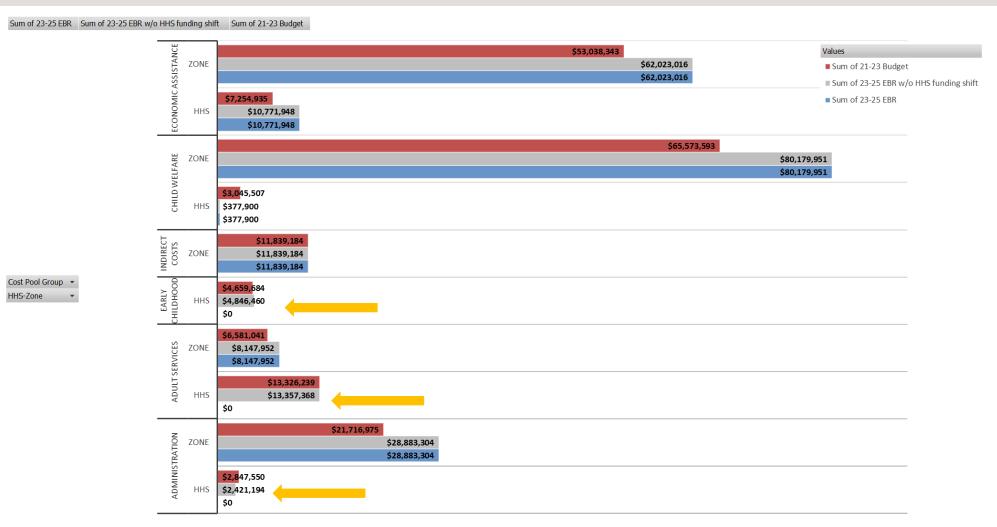

The majority of increases in the 23-25 EBR represent additional investment in staffing (both compensation and roles)

The funding shift from the Property Tax Relief Fund to the HHS budget does not change budgeted funding proposed for HSZs
