**Welcome and Introductions**

**MCH and COVID-19 sub-committees – Isabelle Haring and Lauren Jorda (sub-committee chairs)**

- More information to come.

**COVID-19 Vaccine Discussion – Kiamya Philson**

- What are ways/ideas to better serve communities with the vaccine and address certain hesitancies?
  - Concern among women that the vaccine could affect future fertility.
  - Young people seeing other young people being vaccinated – maybe social media messaging.
  - Political views affect whether or not people are being vaccinated.
  - Hesitancy because it was made so quickly.
  - Teens feel the vaccine is unnecessary because that age group is not as extreme as it can be to older adults.

**HIV/STDs – Sarah Weninger**

- Presentation attached to meeting minutes.
- Town Hall will be Tuesday, June 22 at 4:30.

**AMCHP Updates – Isabelle Haring and Hayden Kemp**

- Isabelle attended a session on mental health and how COVID affected students in North Carolina. Some items that helped students when going back to school was tele counseling and virtual reset rooms. The staff was also trained in mental health crises.
- Hayden attended a session called “Safer childbirth Cities Initiative.” The initiative is starting in big cities and pushes for childbirth safety and how to identify high risk pregnancies. Also

attended a session on Goals for Children. This would help providers come up with goals for these children and also help providers work towards these goals.
