

# CDC Crisis Response Cooperative Agreement: COVID-19 Public Health Workforce Supplemental Funding Guidance

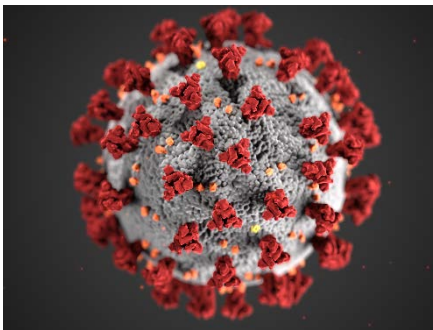

May 14, 2021

## Fast Facts

As a result of the American Rescue Plan Act of 2021 (P.L. 117-2) signed into law by the President on March 11, 2021, CDC is activating CDC-RFA-TP18-1802 [Cooperative Agreement for Emergency Response: Public Health Crisis Response](#) to provide additional relief to address the continued impact of COVID-19 pandemic. CDC is awarding funding to eligible jurisdictions on the approved but unfunded (ABU) list for CDC-RFA-TP18-1802 to establish, expand, and sustain a public health workforce, including school nurses. These funds are in addition to, and separate from, funds CDC previously awarded to select jurisdictions for COVID-19 response activities through CDC-RFA-TP18-1802 in the spring of 2020.

## Availability of Funds

A total of \$2,000,000,000 is available to the 65 current recipients of CDC's COVID-19 Crisis Response Cooperative Agreement. A funding table is available in the guidance document. The funding formula includes base-plus-population funding. Recipients will operate under a two-year budget and performance period.

## Goals of Funding

This funding is intended to establish, expand, train, and sustain the state, tribal, local, and territorial public health workforce to support jurisdictional COVID-19 prevention, preparedness, response, and recovery initiatives, including school-based health programs.
