

CHILD PASSENGER SAFETY ON SCHOOL BUSES

This training is intended to provide an overview of child restraint system use on school buses with a focus on preschool-aged children and children with disabilities. It will include instructional videos, instructor education and hands-on practice. This class will help school districts, Head Start programs, special education instructors, childcare centers and busing companies understand their role in transporting students safely in a bus environment.

FOR PUPIL TRANSPORTATION PROFESSIONALS

CLASSES ARE HELD TWICE A YEAR IN
NORTH DAKOTA: ONCE IN THE SUMMER
AND ONCE IN THE FALL. SCAN THE QR
