

ON THE MOVE - SAFELY! INNOVATIONS AND BEST PRACTICES FOR WHEELCHAIR SECUREMENT

Join us for an engaging, 3-part web series designed to empower wheelchair users, caregivers and transportation professionals with the knowledge to travel safely and securely!

- ✓ **Session 1: Securement Basics and Best Practices**
Learn how to properly use securement systems and know when to transfer to vehicle seats and when to transport within the wheelchair.
- ✓ **Session 2: Troubleshooting and Real-World Challenges**
Explore how to handle difficult to secure devices and ensure a smooth ride every time.
- ✓ **Session 3: Innovations and the Future of Securement**
Discover new technologies and techniques improving safety for wheelchair travelers.

DATES

SESSION 1: 12.9.25 1:00-1:30 PM

SESSION 2: 12.16.25 1:00-1:30 PM

SESSION 3: 1.6.26 1:00-1:30 PM
