Instructions:

1. Write in sample name, lot number / batch number, date manufactured and description. Please send one sealed pint jar of processed product from each of three separate batches of the same formula, for a total of 3 separate jars per formula. A mean (average) value for the samples will be provided in a report by email.
2. Place check marks in the columns on the right to indicate the desired analyses.
3. Submit a check written for the total amount due payable to "Northern Crops Institute" along with the samples. Check will be cashed after a report has been emailed.
4. Please note: testing protocols will require at least 5 working days.

<b>Sample Name and Description</b>	<b>Water Activity \$10 (per 3 batches)</b>	<b>pH Testing \$30 (per 3 batches)</b>
