

**2023-2024**

## Influenza Vaccination Algorithm

**Children 6 months - 8 Years**

Did the child receive  
 $\geq 2$  doses of  
influenza vaccine  
before July 1, 2023?

**NO**

**Give two doses,  
separated by  
four weeks**

**YES**

**Give One  
Dose**

**Children 9 Years and Older**

**Give One  
Dose**

\* 8 year olds needing two doses should receive second dose even if they turn 9 years of age between doses one and two
