

Respiratory Multiplex Panel

10/9/2025

Effective October 9, 2025, the North Dakota Department of Health and Human Services (NDDHHS), Laboratory Services, will continue to offer the Respiratory Multiplex PCR panel for the 2025–2026 respiratory season. This panel includes testing for **Influenza A, Influenza B, Respiratory Syncytial Virus (RSV), and SARS CoV-2**.

Updated Cost: \$67.00 per panel

For detailed information on specimen requirements, turnaround times, and ordering instructions, please refer to the Laboratory Services website Test Menu:
