

North Dakota Immunization Information System: Coverage Rate Report

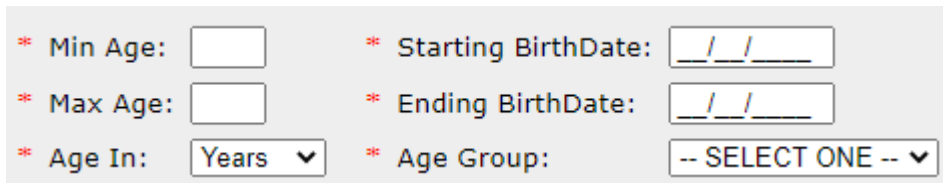

The Coverage Rate Report allows providers to run a report identifying groups of clients by age and vaccine compliance. A client is considered to belong to a provider if their last dose of vaccine, excluding influenza, was received at that provider site.

How To Run a Coverage Rate Report:

1.) The Coverage Rate Report is located under the Coverage Rate Reports report type in the NDIIS reports module

The screenshot shows the 'Reports' module interface. At the top, there is a 'Reports' header with a 'Help' button. Below this, there are tabs for 'Saved Reports' and 'New Request'. A message states: 'Please select a report type to view the detailed report criteria selection menu.' The 'Report Type' dropdown menu is open, showing options: '-- SELECT ONE --', 'Coverage Rate Reports', 'Pandemic Preparedness Reports', 'Patient Management Reports', 'Provider Inventory Reports', and 'Smallpox Response Reports'. A red circle highlights 'Coverage Rate Reports', and a red arrow points from it to the 'Report' dropdown menu in a second screenshot. In the second screenshot, the 'Report Type' is set to 'Coverage Rate Reports', and the 'Report' dropdown is open, showing options: 'Coverage Rate', 'Influenza - Coverage rate', 'Missed Opportunities', and 'Non-Compliance Survey'. A red circle highlights 'Coverage Rate' in this menu. Below the 'Report' dropdown, there are fields for 'Enter Selection Criteria' and '* Min Age:'. The 'Enter Selection Criteria' field is partially visible, showing 'Influenza - Coverage rate', 'Missed Opportunities', and 'Non-Compliance Survey'. The '* Min Age:' field is partially visible, showing 'Starting BirthDate'.

2.) Enter either a minimum and maximum age (in years or months), a birthdate range, or an age group category for the group of clients you want the report to search for.

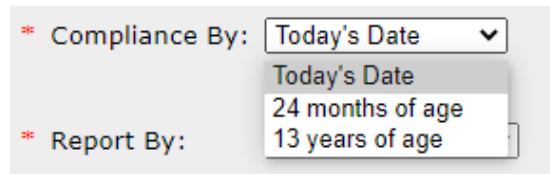

* Min Age: * Starting BirthDate:

* Max Age: * Ending BirthDate:

* Age In: * Age Group:

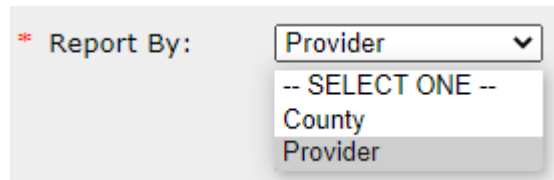

3.) Select the **Compliance By** option that you would like to run.

* Compliance By:

* Report By:

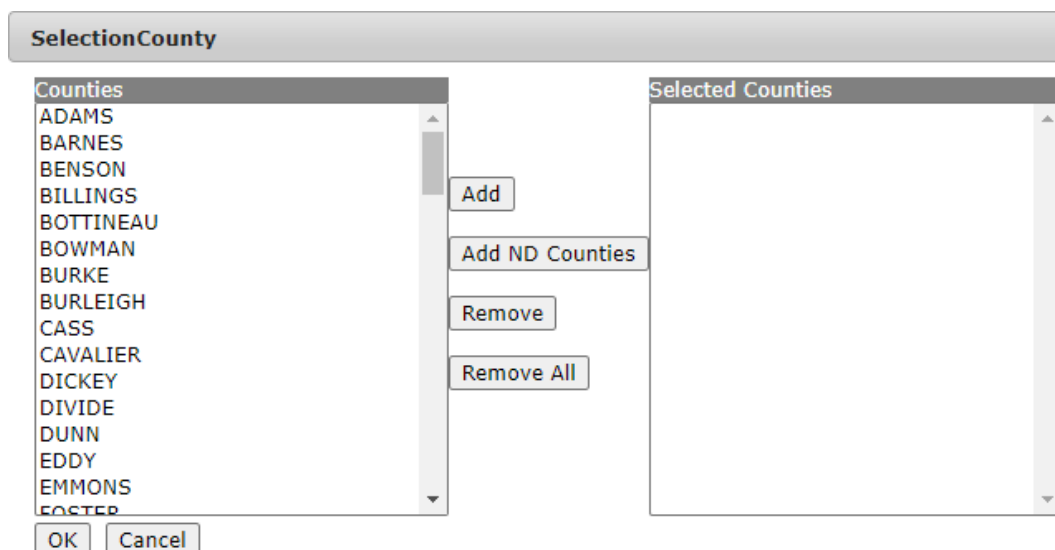

4.) Select **Report By** option to specify whether the report should search for clients by county of residence, or by your provider ID.

* Report By:

-- SELECT ONE --

OK Cancel

•If searching for clients by provider use the **Add** and **Remove** buttons to add your provider to the right Provider column. Click the **OK** button to close this window.

5.) After selecting the client population for the report, use the Doses-Vaccine series window to choose an option for up to date client population for a vaccine series, specific vaccine or vaccines, or up-to-date status by vaccine name. When choosing a vaccine name only, you will need to input the number of doses you would like to search for. You may add more than one vaccine type or up-to-date vaccine status to the report. Click the **OK** button to close this window.

6.) Select **Run Now** or **Run Later** to run your report.
