

NORTH DAKOTA IMMUNIZATION INFORMATION SYSTEM (NDIIS)

VACCINE ABBREVIATIONS AND TRADE NAMES

<u>NDIIS VACCINE NAME/ABBREVIATION</u>	<u>VACCINE NAME/DESCRIPTION</u>	<u>TRADE NAME</u>	<u>NOTES</u>
Adenovirus (type 4)	Adenovirus type 4, live, oral		only to be used to record historical immunizations
Adenovirus (type 7)	Adenovirus type 7, live, oral		only to be used to record historical immunizations
Adenovirus (type 4,7)	Adenovirus types 4 and 7, live, oral		
Adenovirus (unspecified)	Adenovirus vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
Anthrax (PREP/PEP)	Anthrax, pre-exposure prophylaxis, post-exposure prophylaxis	BIOTHRAX®	
Anthrax adjuvanted (PEP)	Anthrax, adjuvanted, post-exposure prophylaxis	CYFENDUS®	
Anthrax (unspecified)	Anthrax vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
BCG	bacillus calmette-guerin vaccine	Tice BCG®	Tuberculosis vaccine used outside the US
Botulinum Antitoxin	botulinum antitoxin		
Chikungunya (live)	Chikungunya, live attenuated	IXCHIQ®	
CHOLERA (live)	cholera, live attenuated	VAXCHORA®	
CHOLERA (unspecified)	cholera vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
CMVIG	cytomegalovirus immune globulin, intravenous		

COVID Moderna <12	Moderna fall seasonal, 6 months through 11 years of age		
COVID Moderna 12+	Moderna fall seasonal, 12 years and older		
COVID Novavax 12+	Novavax fall seasonal, 12 years and older		
COVID Pfizer <5	Pfizer fall seasonal, 6 months through 4 years of age		
COVID Pfizer 5-11	Pfizer fall seasonal, 5 years through 11 years of age		
COVID Pfizer 12+	Pfizer fall seasonal, 12 years and older		
COVID19 (AstraZeneca)			Pandemic presentation not used after 9/1/2023
COVID19 (Janssen)			Pandemic presentation not used after 5/6/2023
COVID19 Moderna (5 dose)			Monovalent pandemic presentation not used after 4/20/2023
COVID19 Moderna (10 dose)			Monovalent pandemic presentation not used after 4/20/2023
COVID19 Moderna <6			Monovalent pandemic presentation not used after 4/20/2023
COVID19 Moderna 6-11			Monovalent pandemic presentation not used after 4/20/2023
COVID19 MOD bivalent <6			Pandemic presentation not used after 9/1/2023
COVID19 MOD bivalent 6+			Pandemic presentation not used after 9/1/2023
COVID19 (Novavax)			Non-U.S. vaccine product, only to be used to record historical immunizations
COVID19 Pfizer-PS 12+			Monovalent pandemic presentation not used after 4/20/2023
COVID19 Pfizer-TRIS <5			Monovalent pandemic presentation not used after 4/20/2023
COVID19 Pfizer-TRIS 5-11			Monovalent pandemic presentation not used after 4/20/2023

COVID19 Pfizer-TRIS 12+			Monovalent pandemic presentation not used after 4/20/2023
COVID19 PFR bivalent <5			Pandemic presentation not used after 9/1/2023
COVID19 PFR bivalent 5-11			Pandemic presentation not used after 9/1/2023
COVID19 PFR bivalent 12+			Pandemic presentation not used after 9/1/2023
COVID19 (CONVIDECIA)			Non-U.S. vaccine product, only to be used to record historical immunizations
COVID19 (COVAXIN)			Non-U.S. vaccine product, only to be used to record historical immunizations
COVID19 (EpiVac non-US)			Non-U.S. vaccine product, only to be used to record historical immunizations
COVID19 (MDO-Covifenz)			Non-U.S. vaccine product, only to be used to record historical immunizations
COVID19 (MOD biv non-US)			Non-U.S. vaccine product, only to be used to record historical immunizations
COVID19 (PFR biv non-US)			Non-U.S. vaccine product, only to be used to record historical immunizations
COVID19 (QAZCOVID non-US)			Non-U.S. vaccine product, only to be used to record historical immunizations
COVID19 (Sinopharm)			Non-U.S. vaccine product, only to be used to record historical immunizations
COVID19 (Sinovac)			Non-U.S. vaccine product, only to be used to record historical immunizations
COVID19 (SputnikV non-US)			Non-U.S. vaccine product, only to be used to record historical immunizations
COVID19 (unspecified)	COVID-19 vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
Dengue Fever	dengue fever, tetravalent	DENGVAXIA®	
Diphtheria Antitoxin	diphtheria antitoxin		only to be used to record historical immunizations
DT (pediatric)	diphtheria and tetanus, absorbed for pediatric use	DT (Generic)®	

DTAP	diphtheria, tetanus, and acellular pertussis	Tripedia®, Infanrix®	
DTAP - 5	diphtheria, tetanus, and acellular pertussis (5 antigens)	Daptacel®	
DTAP (unspecified)	diphtheria, tetanus, and acellular pertussis vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
DTaP/HIB	diphtheria, tetanus, and acellular pertussis/ haemophilus influenzae type B conjugate	Trihibit®	
DTAP/IPV	diphtheria, tetanus, and acellular pertussis/ inactivated poliovirus	Kinrix®, Quadracel®	
DTaP-HBV-IPV (Pediarix)	diphtheria, tetanus, and acellular pertussis/ hepatitis b/inactivated poliovirus	Pediarix®	
DTaP-Hib-IPV (Pentacel)	diphtheria, tetanus, and acellular pertussis/ haemophilus influenza type b conjugate/ inactivated poliovirus	Pentacel®	
DTaP/IPV/Hib/HBV	diphtheria, tetanus, and acellular pertussis/ inactivated poliovirus/ haemophilus influenza type b conjugate/ hepatitis B	Vaxelis®	
DTP	diphtheria, tetanus toxoids, whole-cell pertussis		only to be used to record historical immunizations
DTP/HIB	diphtheria, tetanus toxoids, whole-cell pertussis/haemophilus influenza type B conjugate		only to be used to record historical immunizations
Ebola (live virus)	Ebola Zaire vaccine, live, recombinant	ERVEBO®	
Ebola (unspecified)	Ebola vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
fractional IPV (non-US)	Inactivated poliovirus, fractional-dose (fIPV)		only to be used to record historical immunizations

H1N1 (inactivated P/F)	novel influenza H1N1-02, preservative free		only to be used to record historical immunizations
H1N1 (inactivated W/P)	novel influenza H1N1-09, with preservative		only to be used to record historical immunizations
H1N1 (live virus)	novel influenza H1N1-09, live virus, intranasal		only to be used to record historical immunizations
H1N1 (unspecified)	novel influenza virus H1N1-09 vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
HAV (3 dose)	hepatitis A, pediatric dosage		only to be used to record historical immunizations
HAV Adult	hepatitis A, adult dosage	Vaqta®, Havrix®	
HAV Pediatric	hepatitis A, pediatric dosage	Vaqta®, Havrix®	
HAV (unspecified)	hepatitis A vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
HAV/HBV	hepatitis A/hepatitis B	Twinrix®	
HBIG	hepatitis B immune globulin		
HBV Adult	hepatitis B, adult dosage	Recombivax HB®, Engerix-B®	
HBV Adult (Heplisav)	hepatitis B recombinant, CpG adjuvanted	Heplisav-B®	
HBV Adult (PREHEVBRIO)	hepatitis B recombinant, Al(OH) ₃ adjuvanted	PREHEVBRIO®	
HBV (dialysis)	hepatitis B, dialysis patient dosage	Recombivax-Dialysis®	
HBV Pediatric	hepatitis B, preservative free, pediatric dosage	Engerix-B-Peds®, Recombivax-Peds®	
HBV (unspecified)	hepatitis B vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown

HBVP/HIB	hepatitis B pediatric/haemophilus influenza type b conjugate		only to be used to record historical immunizations
HIB (HbOC) HibTITER	haemophilus influenzae type b, HbOC conjugate		only to be used to record historical immunizations
HIB (PRD-D) ProHIBIT	haemophilus influenzae type b, PRP-D conjugate		only to be used to record historical immunizations
HIB (PRP-OMP) PedvaxHIB	haemophilus influenzae type b, PRP-OMP conjugate	PEDVAXHIB®	
HIB (PRP-T) ACTHib	haemophilus influenzae type b, PRP-T conjugate	ActHIB®	
HIB (PRP-T) HIBERIX	haemophilus influenzae type b, PRP-T conjugate	Hiberix®	
HIB (unspecified)	haemophilus influenza type b vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
HPV-2	human papilloma virus, bivalent		only to be used to record historical immunizations
HPV-4	human papilloma virus, quadrivalent		only to be used to record historical immunizations
HPV-9	human papilloma virus, 9-valent	Gardasil 9®	
HPV (unspecified)	human papillomavirus vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
IG	immune globulin		
INFL-AvianH5N8 (P/F)	influenza-avian, H5N8, viral-vector, monovalent, preservative free		
INFL-AvianH5N8 (W/P)	influenza-avian, H5N8, viral-vector, monovalent, with preservative		
INFL-AvianH5(unspecified)	Influenza-avian, H5 vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown

INFL (ccIIV3 P/F)	seasonal influenza, trivalent, cell-cultured, preservative free	Flucelvax®	
INFL (ccIIV3 W/P)	seasonal influenza, trivalent, cell-cultured, with preservative	Flucelvax®	
INFL (ccIIV4 P/F)	seasonal influenza, quadrivalent, cell-cultured, preservative free		presentation not available for the 2024-2025 influenza season
INFL (ccIIV4 W/P)	seasonal influenza, quadrivalent, cell-cultured, with preservative		presentation not available for the 2024-2025 influenza season
INFL (IIV3 id-P/F)	seasonal influenza, preservative free, intradermal		presentation not available for the 2024-2025 influenza season
INFL (IIV4 id-P/F)	seasonal influenza, quadrivalent, preservative free, intradermal		presentation not available for the 2024-2025 influenza season
INFL (IIV3 P/F) ADJ	seasonal influenza, trivalent, preservative free, adjuvanted	Fluad®	
INFL (IIV4 P/F) ADJ	seasonal influenza, quadrivalent, preservative free, adjuvanted		presentation not available for the 2024-2025 influenza season
INFL (IIV3 P/F) high dose	seasonal influenza, high dose, preservative free	Fluzone – HIGH DOSE®	
INFL (IIV4 P/F) high dose	seasonal influenza, high dose, quadrivalent, preservative free		presentation not available for the 2024-2025 influenza season
INFL (IIV3 P/F)	seasonal influenza, trivalent, preservative free	Fluzone®, Fluarix®, Flulaval®, Afluria®	
INFL (IIV3 W/P)	seasonal influenza, trivalent, with preservative	Fluzone®, Afluria®	
INFL (IIV4 P/F)	seasonal influenza, quadrivalent, preservative free		presentation not available for the 2024-2025 influenza season
INFL (IIV4 W/P)	seasonal influenza, quadrivalent, with preservative		presentation not available for the 2024-2025 influenza season
INFL (IIV4 P/F) pediatric	seasonal influenza, quadrivalent, preservative free, pediatric dosage		presentation not available for the 2024-2025 influenza season
INFL (LAIV3)	seasonal influenza, live, attenuated, intranasal	FluMist®	
INFL (LAIV4)	seasonal influenza, live, attenuated, quadrivalent, intranasal		presentation not available for the 2024-2025 influenza season

INFL (LAIV unspecified)	seasonal influenza, unspecified live virus formulation		only to be used to record historical immunizations where exact formulation is unknown
INFL (RIV3)	seasonal influenza, trivalent, recombinant, preservative free	FluBlok®	
INFL (RIV4)	seasonal influenza, quadrivalent, recombinant, preservative free		presentation not available for the 2024-2025 influenza season
INFL (IIV4south P/F)	influenza, quadrivalent, Southern Hemisphere, preservative free		only to be used to record historical immunizations
INFL (IIV4south P/F) peds	influenza, quadrivalent, Southern Hemisphere, 0.25mL pediatric dose, preservative free		only to be used to record historical immunizations
INFL (IIV4south W/P)	influenza, quadrivalent, Southern Hemisphere, with preservative		only to be used to record historical immunizations
INFL (IIV4south highdose)	influenza, quadrivalent, high dose, Southern Hemisphere, preservative free		only to be used to record historical immunizations
INFL (unspecified)	seasonal influenza vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
INFL (whole)	seasonal influenza, whole virus		only to be used to record historical immunizations
IPV	inactivated polio virus	IPOL®	
JEV (im)	Japanese encephalitis, intramuscular	Ixiaro®	
JEV (sc)	Japanese encephalitis, subcutaneous	JE-VAX®	
JEV (unspecified)	Japanese encephalitis vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
LYME DISEASE	Lyme disease		
MCV4 Menactra	meningococcal polysaccharide (groups A, C, Y and W-135) diphtheria toxoid conjugate; also known as MCV4P	Menactra®	

MCV4 MenQuadfi	meningococcal polysaccharide (groups A, C, Y, W-135) tetanus toxoid conjugate, preservative free; also known as MCV4-TT	MenQuadfi®	
MCV4 Menveo	meningococcal oligosaccharide (groups A, C, Y and W-135) diphtheria toxoid conjugate vaccine; also known as MCV4O	Menveo®	
MCV4 (unspecified)	meningococcal MCV4 vaccine, unspecified formulation		only to be used to record historical immunizations where one of the meningococcal vaccines containing serogroups A, C, W, and Y was given and it is known that the dose was a conjugate vaccine
MEN C/Y-HIB	bivalent meningococcal conjugate/ Haemophilus influenza type b conjugate	MenHibrix®	
Men B Bexsero	meningococcal B, recombinant, OMV, adjuvanted	Bexsero®	
Men B Trumenba	meningococcal B, fully recombinant	Trumenba®	
Men B (unspecified)	meningococcal B vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
MenABCWY (Penbraya)	Meningococcal polysaccharide (MenACWY-TT conjugate), (MenB), PF	Penbraya®	
Men ACWY (unspecified)	meningococcal ACWY vaccine, unspecified formulation		only to be used to record historical immunizations where one of the meningococcal vaccines containing serogroups A, C, W, and Y was given but it is not known if it was a conjugate or polysaccharide vaccine
MENINGOCOCCAL C	meningococcal C conjugate		vaccine is only used outside of the United States, should only be used to record historical immunizations from out of the country
MPSV4 (meningococcal)	meningococcal polysaccharide		only to be used to record historical immunizations

MEASLES	measles virus		only to be used to record historical immunizations
MR	measles and rubella virus		only to be used to record historical immunizations
MMR	measles, mumps, and rubella virus	MMRII®, Priorix®	
MMRV	measles, mumps, rubella, and varicella virus	Proquad®	
MUMPS	mumps virus		only to be used to record historical immunizations
OPV1 (non-US)	monovalent poliovirus, live, oral		used to record OPV doses given outside the U.S. where monovalent is specified; doses do not count towards U.S. polio schedule
OPV2 (non-US)	bivalent poliovirus, live, oral		used to record OPV doses given outside the U.S. where bivalent is specified; doses do not count towards U.S. polio schedule
OPV3 (US)	trivalent poliovirus, live, oral		used to record historical OPV doses given before April 1, 2016, regardless of where administered; doses given before April 1, 2016 count towards the U.S. polio schedule
OPV (unspecified)	oral poliovirus vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
PCV7 (pneumococcal)	pneumococcal conjugate, 7 valent		only to be used to record historical immunizations
PCV10 (non-US)	pneumococcal conjugate, 10 valent		only to be used to record historical immunizations
PCV13 (pneumococcal)	pneumococcal conjugate, 13 valent	Prevnar 13®	
PCV15 (pneumococcal)	pneumococcal conjugate, 15 valent	Vaxneuvance®	
PCV20 (pneumococcal)	pneumococcal conjugate, 20 valent	Prevnar 20®	
PCV21 (pneumococcal)	pneumococcal conjugate, 21 valent	CAPVAXIVE®	
PCV (unspecified)	pneumococcal conjugate vaccine, unspecified formulation		only to be used to record historical immunizations where it is known the dose was a

			conjugate vaccine but the exact formulation is unknown
Plague	plague		only to be used to record historical immunizations where exact formulation is unknown
Pneumo (unspecified)	Pneumococcal vaccine, unspecified formulation		only to be used to record historical immunizations where it is not known if the pneumococcal vaccine given was a conjugate or polysaccharide vaccine
POLIO (unspecified)	polio, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
PPVS23 (pneumococcal)	pneumococcal polysaccharide vaccine, 23 valent	Pneumovax 23®	
RABIES (id)	human rabies, intradermal	Imovax ID®	
RABIES IG	human rabies, immune globulin		
Rabies IM	human rabies, intramuscular	Imovax®, RabAvert®	
Rabies IM (Imovax)	human rabies, human diploid cell culture, intramuscular	Imovax®	
Rabies IM (Rabavert)	human rabies, chicken fibroblast culture, intramuscular	RABAVERT®	
RABIES (unspecified)	human rabies vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
ROTAVIRUS (2 dose)	rotavirus, live, monovalent, 2 dose schedule, oral administration	Rotarix®	
ROTAVIRUS (3 dose)	rotavirus, live, pentavalent, 3 dose schedule, oral administration	Rotateq®	
ROTAVIRUS (Rotashield)	rotavirus, tetravalent		only to be used to record historical immunizations
ROTAVIRUS (unspecified)	rotavirus, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown

RSV Abrysvo	respiratory syncytial virus (RSV), bivalent, diluent reconstituted, preservative free	ABRYSVO®	
RSV Arexvy	respiratory syncytial virus (RSV), recombinant, adjuvant reconstituted, preservative free	Arexvy®	
RSV mRNA mRESVIA	respiratory syncytial virus (RSV), mRNA, preservative free	mRESVIA®	
RSV vaccine (unspecified)	respiratory syncytial virus (RSV) vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
RSV mAB Beyfortus (0.5mL)	RSV monoclonal antibody, niresvimab	BEYFORTUS®	
RSV mAB Beyfortus (1.0mL)	RSV monoclonal antibody, niresvimab	BEYFORTUS®	
RSV mAB (unspecified)	respiratory syncytial virus (RSV) monoclonal antibody, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
RSV (unspecified)	respiratory syncytial virus (RSV), unspecified formulation		only to be used to record historical immunizations where it is not known if vaccine or mAB was given
RUBELLA	rubella virus vaccine		only to be used to record historical immunizations
RUBELLA/MUMPS	rubella and mumps vaccine		only to be used to record historical immunizations
SMALLPOX	vaccinia (smallpox) vaccine		
SMALLPOX/MONKEYPOX	vaccinia, smallpox monkeypox vaccine live, preservative free	JYNNEOS®	
TBE (adult)	tick-borne encephalitis, inactivated, preservative free, 0.5mL	TICOVAC®	
TBE (non-US)			Non-U.S. vaccine product, only to be used to record historical immunizations
TBE (pediatric)	tick-borne encephalitis, inactivated, preservative free, 0.25mL	TICOVAC®	

TBE (unspecified)	tick-borne encephalitis vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
Td (adult)	tetanus and diphtheria toxoids, not adsorbed, for adult use		
Td-2 (adult P/F)	tetanus and diphtheria toxoids, adsorbed, 2Lf, preservative free, adsorbed	Td, absorbed®, TDVAX®	
Td-5 (adult P/F)	tetanus and diphtheria toxoids, adsorbed, 5Lf, preservative free, adsorbed	Decavac®, Tenivac®	
Td P/F (unspecified)	tetanus and diphtheria toxoids, adsorbed, preservative free, for adult use, Lf unspecified		only to be used to record historical immunizations where exact formulation is unknown
Td (unspecified)	tetanus and diphtheria toxoids vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
Tetanus Toxoid	tetanus toxoid, absorbed		
Tetanus Toxoid (na)	tetanus toxoid, not absorbed		
Tetanus Toxoid (unspec)	tetanus toxoid vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
Tdap	tetanus toxoid, reduced diphtheria toxoid, and acellular pertussis, absorbed	Boosterix®, Adacel®	
TIG	tetanus immune globulin		
Typhoid (military)	typhoid, parenteral, acetone-killed, dried, US military		only to be used to record historical immunizations
Typhoid (oral)	typhoid, live oral	Vivotif®	
Typhoid (parenteral)	typhoid, parenteral, other than acetone-killed, dried		
TYPHOID ViCP (im)	typhoid Vi capsular polysaccharide	Typhim VI®	

Typhoid (unspecified)	Typhoid vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
VARICELLA (CHICKENPOX)	varicella, live virus	Varivax®	
VZIG	varicella zoster immune globulin		
Yellow Fever (alternate)	yellow fever, alternative formulation	Stamaril®	
Yellow Fever (US)	yellow fever	YF-VAX®	
Yellow Fever (unspec)	yellow fever vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
ZOSTER Shingrix	zoster, recombinant	Shingrix®	
ZOSTER Zostavax	zoster, live		only to be used to record historical immunizations
ZOSTER (unspecified)	Zoster vaccine, unspecified formulation		only to be used to record historical immunizations where exact formulation is unknown
