

# The team that serves you just got bigger!

Human Service Zones are teaming up to serve you better and faster.

## What this means for you:

### Getting help will be easier

There will be one phone number you can call state-wide to speak to an expert about your application or case.

### Improved SSP

The self-service portal is being upgraded to be more user and mobile friendly.

### When to expect changes

You will see changes across the state between now and February 2023.

## We're Still Here

- You and your family are important to us.
- Experts are still here to answer your questions and support you.
- You will still have local office support.

### Stay Informed

A web page has been set up to share information as this develops.
