# Early Childhood Workforce Registry

## How to Create an Organization Account

An organization account is your Registry business account. Organization accounts are for licensed direct-care programs as well as Pre-K, after school programs, early childhood service providers, training organizations, Tribal entities, and others involved in the field of early care and education.

With an organization account, you can track your employees' training and easily provide information to your licenser at renewal time. It also allows access to apply for initiatives, such as Bright & Early ND and North Dakota grants.

Organization accounts are linked to and accessed from an individual account so you must first have an Individual Account in the Registry.

Enter the number of children by age group for which you provide care. In addition, enter the number of high needs children in each age group. After entering the total number of high needs children in each age group, you'll be asked how many children meet each particular high needs criteria. Because one child may have more than one need, the detailed numbers will not necessarily add up to the total number of high needs children. However, if you report any high needs children, you must provide a number greater than

**Congratulations!** You've created your Organization Profile. The Registry will review your information and may contact you to verify it. You will be notified once your account is approved and ready use.

## How to Use and Manage the Organization Account

Access the organization account from your individual profile:

Log in to your individual profile. To access the organization account use the drop-down menu below your name at the top right or under the 3 white lines on the left.

If you have multiple organizations, you will have My Organizations. Select My Organizations to see the list of organizations and then choose the one you want to view.

You may need to read and agree to the terms and conditions if this is the first time you have accessed the account or if you have not accessed it for a while.

Select Submit Agreement after checking the box.

If you are the Profile Owner, you will be prompted to complete the Monthly Organization Profile Review every 30 days.

## **Overview**

The account is organized under several tabs. The organization ID number and name of the business are displayed at the top. If the organization has connected to an HHS license, that will also be displayed.

## **Organization Profile Tabs:**

- **Status** contains information about the organization such as license number, associations with school districts or Head Start, and possibly a Training Sponsor Agreement.
- Org Details has contact information and addresses.
- Program Info lists any designations.
- **Classrooms** shows the licensed capacity and the enrollment, plus the number of children in each age group. Classrooms can be set up with teachers, ages, and more.
- **Quality** this information has moved to the Quality Dashboard in the left menu.
- **Employees** has a list of current employees. A list of previous employees is also available.
- **RBPD Events** shows Relation Based Professional Development activities the program has received.
- Reports has the Facility Staff Report where you can view and save or print current employees' HHS Licensing Training Records.
- **Document Vault** documents can be uploaded here for requirements for participation in various quality and other programs.

#### Status Tab

The status tab has HHS license information. Licenses are automatically updated for renewals when the number and type remain the same.

If the license number or type of license changes, follow the instructions on page 18.

If you are a training sponsor, the Approved Sponsor Agreement dates will show.

If you are neither a licensed child care program or a training sponsor, it will only show Not a Licensed Early Care Provider.

### **Org Details Tab**

Contact information, communication preferences and addresses can be updated here.

The contact information can be whomever you choose but any Registry system-generated emails will be sent to the profile owner.

The **profile owner** is the person who created the organization account. The profile owner will have a 'Manage organization profile users' button available. **Only the account's Profile Owner** will see this button. Only one profile owner can be designated.

Note: If a profile owner leaves the organization call the Registry for assistance.

#### Manage Organization Profile Users

Select the Manage organization profile users button to add or remove organization account users. Profile users can access and edit all tabs and information in the account, except they cannot manage other profile users.

Manage organization profile users	

The top section lists the current profile users and the bottom section lists the verified, current employees. Use the red trash can icon to remove users. The current Profile Owner can make another user the profile owner by selecting the Make Owner button. Once they do, they *immediately* lose access to the profile users' page.

Verified employees are listed in the lower section. An employee can be added as a profile user by selecting the green + icon next to the person's name.

Select Return when changes are complete.

#### **Quality Tab**

The Quality Tab has moved to the left menu under Quality Dashboard.

This for quality improvement and is where you apply for Bright & Early and other state programs and initiatives.

### **Employees Tab**

Employees are listed here. Employees can add your organization as their employer from their individual profiles or an invite can be sent from the organization. See: How to send Employee Invite

Once the employee appears on the list you will need to review and approve or deny them. Use the drop-down menu to view past employees and return to current employees.

#### **Program Enrollment**

Enter the number of children by age group for which you provide care. In addition, enter the number of high needs children in each age group. After entering the total number of high needs children in each age group, you'll be asked how many children meet each particular high needs criteria. Because one child may have more than one need, the detailed numbers will not necessarily add up to the total number of high needs children. However, if you report any high needs children, you must provide a number greater than zero in at least one high needs category.

## How to Add a License Number to an Organization Account

You will need to add an HHS license number to your account if you:

- Created your Organization Account before you had your HHS license number
- Got a new license number from HHS because your program changed its license type or changed location. Note: Do not create a new organization account.
- Log in to your Individual Account, then access your Organization Account (in the drop-down menu below your name on the right or below the 3 white lines on the left).

7. The license information will be displayed. Select Submit.

Once you've submitted your update, the Registry will review the information and may call you to verify your account information. Note: If you are working with a coach, your organization will not appear in the coach's caseload until the Registry has processed the request.

## **Organization Profile Review**

All organizations with an account in the Registry receive an email each month as a reminder to update and verify the account information. If your organization is a direct care and/or HHS licensed early childhood program, monthly verification is required to allow your organization and staff to apply for state grants and incentives. Note: Only the organization's profile owner will receive an email and have access to the review.

Non-direct care programs will also receive the monthly emails but are not required to complete the profile review. Employees of these programs may not be eligible to apply for or receive any state workforce incentives.

## How Use the Employee Invite

Use the Employee Invite to add employees to your organization account. Having staff attached to your organization account is important for licensed childcare programs. It gives the organization access to staff training records via the Facility Staff Report. If your program is participating in Bright & Early ND, your program is required to have staff attached to your organization account.
