The following correction(s) must be made:

Rule(s)
Regulation 75-03-09-09 4. The provider of a group child care shall ensure that the group child care is sufficiently staffed at all times to meet the child and staff ratios for children in attendance, and that no more children than the licensed capacity are served at one time.

Evidence of Violation
It was found during the visit that the child staff ratios were 2.58 with two staff members present.

Method of Correction
Do ensure that child staff ratios are met at all times and that the ratio is no more than 2.34 for two staff members. It was discussed during the visit that an option would be to have an infant remain out of the child care and stay with a grandparent until more points are available after fall birthday's. Another option was to hire another staff member to maintain ratio. The third option discussed was applying for a ratio of waiver to possibly increase the ratio that two staff members could have. The ratio of waiver is not guaranteed that you would receive it but is an option to apply for.

Time Allowed for Correction
24 hours

Fiscal sanctions to be applied if correction is not made and verified within the allowable time-frame
$25.00

Submit a notice of correction(s) to the Early Childhood Services Licensing Specialist listed below within time frame above indicating you are in compliance. If you have any questions, contact the following:
