Get assistance with your energy bills.

Hello [FIRST NAME]

Every year, as temps fall, your heating costs rise.

The good news: help is available.

Thanks to North Dakota's Low Income Home Energy Assistance Program (LIHEAP), eligible individuals and families can get help with home heating and weatherization costs.

Apply to see if you qualify by visiting the state of North Dakota's site at [hhs.nd.gov/energyhelp](https://hhs.nd.gov/energyhelp).

LIHEAP also provides a special community outreach team to help with the application process.
