

Community Paramedicine

PUBLIC COMMENT SUMMARY

ND Medicaid posts updates to ND Medicaid provider and coverage policies for a period of two (2) weeks to allow providers and the public to comment on the policy updates. This is a summary of the comments and responses for the new Community Paramedicine coverage policy. Similar statements have been combined to avoid duplication of responses.

Thank you for participating in the public comment process.

FEEDBACK AND RESPONSES

1. Recommendation to increase visit limits from 50 to 104 annually.

Response: Community Paramedicine limits are aligned with Home Health services. If additional visits are medically necessary, a service authorization may be requested and approved.

2. Recommendation to allow Community Paramedicine to bill for care coordination – H2015.

Response: H2015 is only available for enrolled 1915(i) Behavioral Health Supports care coordination providers.

3. Recommendation for coverage of mileage.

Response: Thank you for your comment.
