Effective November 1, 2022, only confirmed cases of methamphetamine production, confirmed serious abuse or neglect, confirmed sexual abuse, or confirmed sexual exploitation will be classified as a central registry case in Michigan. Individuals may have child welfare history that previously resulted in central registry placement, but that would no longer meet the criteria. In addition, select criminal convictions involving children will result in placement on central registry.

This clearance does not identify individuals with child abuse/neglect history who did not meet the new central registry requirements as noted above or history in other states, territories, or tribal trust land.

With your signature, you are authorizing agencies to receive notice of all placements on central registry as allowable by Child Protection Law (MCL 722.627-722.627j).

The confidentiality of central registry information is protected by Sections 7 through 7j of the Michigan Child Protection Law (MCL 722.627-722.627j). Anyone who violates this protection is guilty of a misdemeanor and is civilly liable for damages.

The Michigan Department of Health and Human Services (MDHHS) does not discriminate against any individual or group on the basis of race, national origin, color, sex, disability, religion, age, height, weight, familial status, partisan considerations, or genetic information. Sex-based discrimination includes, but is not limited to, discrimination based on sexual orientation, gender identity, gender expression, sex characteristics, and pregnancy.
